CSE 626	**Advanced Programming Languages**	**Handout Q**
Spring 2003	**Annie Liu**	**Jan. 22, 2003**
Stony Brook	**Questionnaire**	**Due in class**

Answering the following questions honestly will count for about 1% of the course grade. The answers will help adjust course materials. They will not affect your grades in any other way.

Name: Student id:

E-mail: Phone:

Major, Year: Registered? Y/N Why interested?

Courses taken/taking (circle/fill):

	term/year		term/year/school	grade
CSE113/547(discrete math):		or equivalent:		grade:
CSE114/219(intro/adv prog.):		or equivalent:		grade:
CSE214(data structures):		or equivalent:		grade:
CSE220(computer org.):		or equivalent:		grade:
CSE304/504(compilers):		or equivalent:		grade:
CSE305(database):		or equivalent:		grade:
CSE307/526(prog. languages):		or equivalent:		grade:
CSE373/548(algorithms):		or equivalent:		grade:

Languages familiar with (circle/fill/specify):

	used?	course, job, or fun		used?	course, job, or fun
Java		for:	Lisp/Scheme/ML/Haskell		for:
C		for:	Prolog		for:
SQL		for:	other:		for:
XPath/XSLT/XQuery		for:	other:		for:

Estimate of the total number of lines of code you have

written: read:

What aspects of the course are you most interested in? (circle, add)

very high-level languages, program optimization, algorithm and data structure design, systematic methods for design and optimization, applications to database, program analysis, tool support, course project, other (specify):

What concepts below do you know? (circle)

predicate logic, sets, relations, functions, recursion, induction, abstract data types, regular expressions, context-free grammars, join operator, indices, B+ tree, hashing

What application areas are you most interested in? (circle, add)

finance, education, manufacture, health, entertainment, sport, art, science, ...
